Join us on Wednesday, June 29th from 8:00 AM – 4:00 PM for the Indiana Health Workforce Summit. The health workforce forms the intersection of science and health care delivery. The health workforce is a crucial element in efforts to improve care quality and control health care spending—delivery system reforms cannot succeed without attention to the workforce that will carry them out on the ground. Because health workforce planning serves many purposes, many different public and private entities carry out related functions within their own silos. Join us in The Indiana Health Workforce Summit will serve as a platform for these important policy discussions while focusing on the current research and best practices for obtaining an accessible, well-trained, and flexible health workforce. Additionally, attendees will receive continuing education at the event.

For additional information and registration visit: goo.gl/KAGDq1

Parking available at the Tower Garage on the corner of North and Blake Street (located under the Hine Hall Building)

Course Objectives
At the conclusion of this program, participants should be able to:
• Discuss and assess the latest research on physician workforce supply and demand
• Describe workforce implications of new health care delivery models such as the medical home and team based care
• Integrate new research methods for measuring workforce supply and demand

Accreditation Statement
The Indiana University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement
The Indiana University School of Medicine designates this live activity for a maximum of 6.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Faculty Disclosure Statement
In accordance with the Accreditation Council for Continuing Medical Education (ACME) Standards for Commercial Support, educational programs sponsored by the Indiana University School of Medicine (IUSM) must demonstrate balance, independence, objectivity, and scientific rigor. All faculty, authors, editors, and planning committee members participating in an IUSM-sponsored activity are required to disclose any relevant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services that are discussed in an educational activity.

Note: While it offers CME credits, this activity is not intended to provide extensive training or certification in the field.
Indiana Health Workforce Summit Agenda
June 29, 2016

8:00am-9:00am  Registration and Breakfast
